MSCA PF - In-House training

WHAT THIS TRAINING PROVIDES

This training gives researchers the tools, structure, and support to transform their ideas into competitive MSCA Postdoctoral Fellowship proposals.

Participants receive:

- **Project planning template** to start shaping their proposal before the training
- **Comprehensive overview** of the MSCA PF structure, evaluation process, and success strategies
- **Detailed guidance on writing the Excellence, Impact, and Implementation sections**
- **Proposal strategies** grounded in real evaluation criteria and examples from funded proposals
- **Tailored support materials**, including editable templates and annotated excerpts from successful proposals
- **Final writing checklist** to ensure your proposal meets all formal and content requirements
- **Follow-up online group meeting** (2 hour) scheduled 2-4 weeks after the training, to discuss progress, questions, or feedback on early drafts

The depth of content, number of examples, and time for hands-on writing and discussion will vary depending on the duration of the training.

ONSITE

The on-site format consists of **full working days** with built-in breaks for interaction and reflection, combining **hands-on writing exercises**, group discussions, and real-time feedback. The setting allows space for **individual questions and informal consultations**, helping participants actively develop and refine their proposals throughout the training.

Pricing

- 1 day: €2,100
- 2 days: €3,500
- 3 days: €4,900

(+ travel & accommodation if not covered)

ONLINE

The online format consists of **2-4 half-day sessions** (up to 4 hours/day), designed for focus and engagement. Sessions are **interactive and practical**, with a mix of structured input, collaborative discussion, and space for questions, while shorter durations help **maintain concentration and flexibility for participants joining remotely**.

Pricing

- 2 half-days: €1,600
- 3 half-days: €1,900
- 4 half-days: €2,400

All training formats are customizable. I can adapt the content, duration, or focus to suit your institution's needs. Pricing may vary slightly depending on the scope of the training, number of participants, and location.
